Scientific report

1) Qualitative scientific report

To submit the scientific report, please fill in sections 1.1-1.4 in this document in the same language as the research plan and upload it in PDF format via *my*SNF under «Scientific report». The completion of sections 1.1 and 1.4 are mandatory, sections 1.2 and 1.3 are optional. The report has to cover the elapsed period of the grant, i.e. the period from the start of the grant (please see the dates in the task on *my*SNF). Please adhere to the given structure of the report.

2) Output data

Enter or update your output data on *my*SNF under «Output data» including publications, datasets, media appearances, conferences, etc. Please note that the output data must be entered before submitting the scientific report.

3) Lay summary

At the beginning of your project, you formulated a lay summary and entered keywords (on *my*SNF under «Lay summary») that are accessible on the SNSF Data Portal. Please check your keywords and update your lay summary on *my*SNF with information on the results and outcomes of your project.

Name	
Project number	

1.1 Achievement of research objectives (mandatory)

To which extent have you achieved the research objectives? Describe the major accomplishments and outcomes of the project in detail, directly relating them to the objectives stated in your research plan.
~0.5 – 1.5 pages, up to 6000 characters with spaces

1.2   Challenges, negative results and unexpected outcomes

Discuss the following points, if applicable:
- Challenges encountered during the project and how they were addressed
- Significant modifications to your original research plan
- Negative or unexpected results and their causes and implications
up to 0.5 pages, max. 2000 characters with spaces

1.3   Contribution to knowledge advancement

Describe how your research findings have contributed to advancing knowledge within your field of re-
search and/or your community of stakeholders.
up to 0.5 pages, max. 2000 characters with spaces

1.4 Additional reporting requirement (mandatory)

Describe the research collaboration with your co-applicants and project partners. How did the collaboration work, and what was its added value to the project as a whole? What did the various collaborators contribute to the project? What changes (if any) would you implement in future collaborative projects based on this project?

up to 1 page, max. 4000 characters with spaces

For COST grantees: Please describe the added value through participation in the respective COST Action.

up to 1 page, max. 4000 characters with spaces
